

# Verified profiles

[Tutorial](#) on setting up your verified profile page, and a [sample](#) of one set up.

## Profile image

72ppi; PNG/JPEG

Logo

## Banner image

1280x256 72ppi; PNG/JPEG

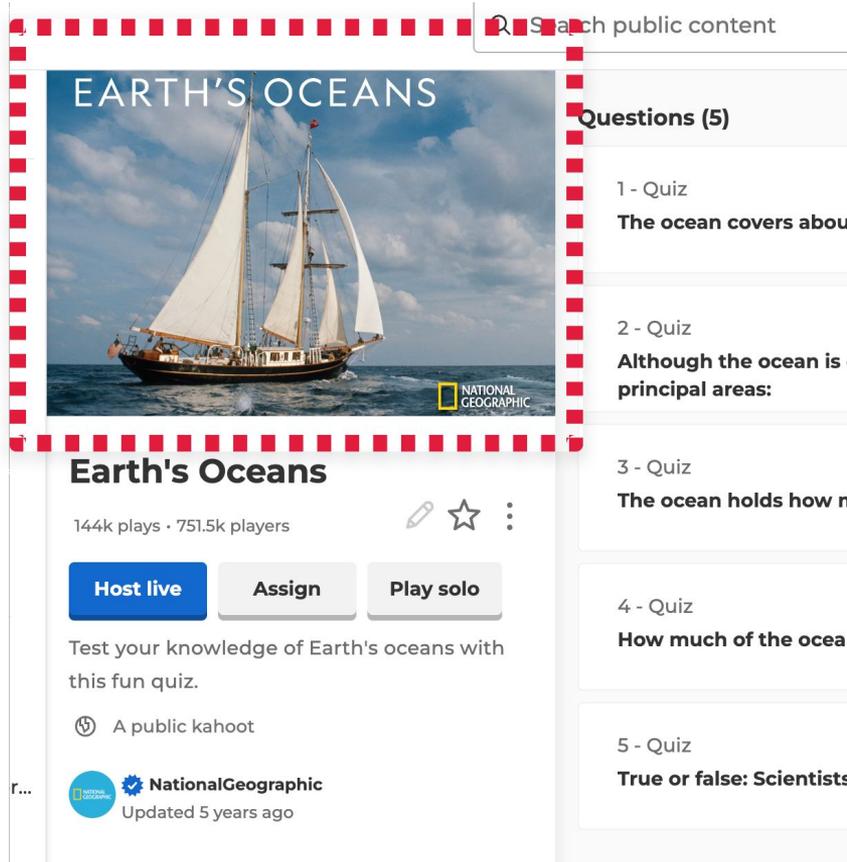

Branded image for which you have the rights to use.

We suggest an image of a 5:1 ratio to fit both desktop and mobile views. In the image uploader tool, you can crop the image so that it fits well on both desktop (6:1) and mobile view (3:1).

[Banner Template \(.psd\)](#)

# Kahoot (games) covers and images

## Game/kahoot cover image

Aspect ratio 3:2; 1500x1000px

Note safe area in PSD for display on mobile devices.

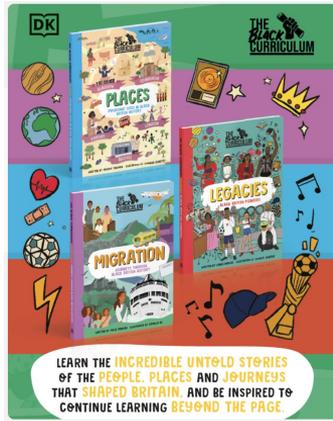

Can be an illustration, photo, or stock photo. Note that these show up automatically across platforms with various layers of tags, so keep main design centered.

Use hashtags to increase SEO.

Kahoot cover (.psd)

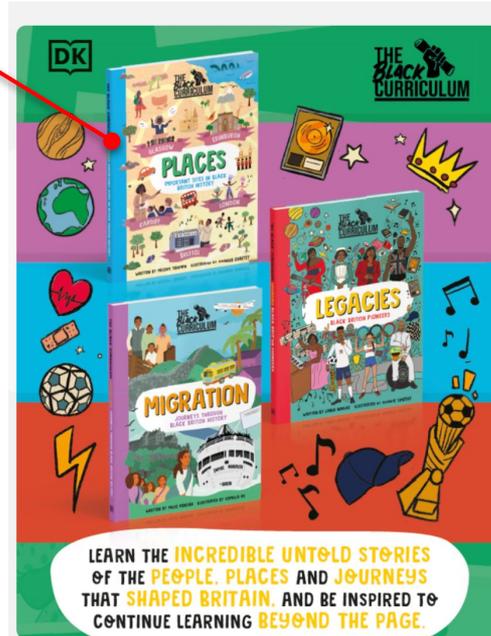

# “Course” details page in your account

**Course card - details page**  
524x655px; 300ppi; PNG/JPEG  
You can add your logo to each image.

**Title: 76 characters**  
**Description: 250 characters**

[Template \(.psd\)](#)

## The Black Curriculum

Start

Learn the incredible untold stories of the people, places and journeys that shaped Britain with DK's series in partnership with #TheBlackCurriculum, and be inspired to continue learning beyond the page. Explore the amazing life stories of #Black #British people throughout history, and find out more about their contributions to British #history, #arts, #music, #science, and much more. #BlackHistory #Places #Legacies #Migration #DK #DKLearning #DorlingKindersley

# In-Game Custom Logo+Background

Available on Brands Standard Plan and above

## Background

Recommended Resolution: > 3840\*2560px

Size: Below 2mb

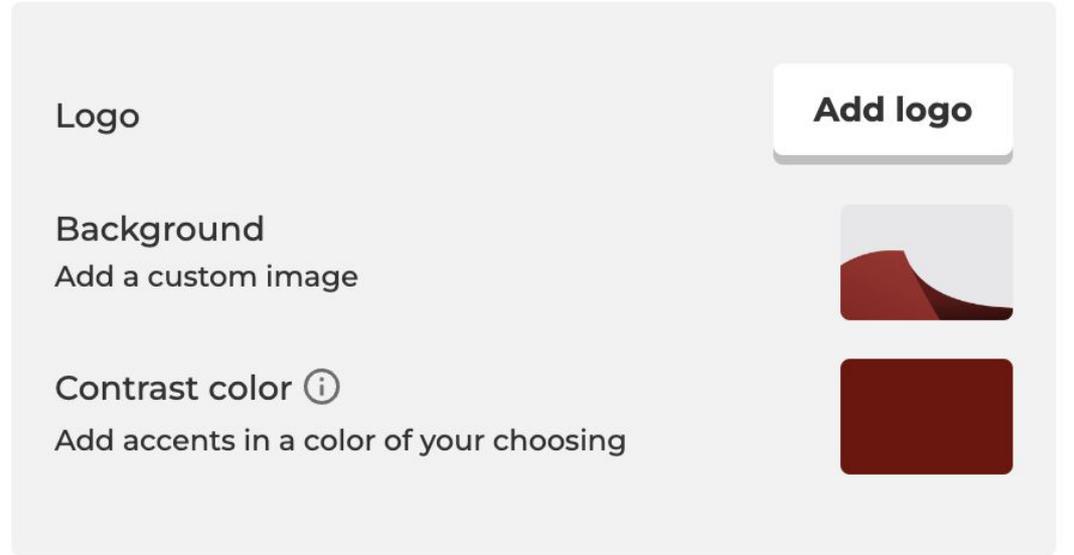

File type: .jpeg

## Logo

Recommended res: No recommended resolution.

Size: Below 2mb

File type :jpeg or .png if you want transparency.

The screenshot shows a light gray customization panel with three sections. The top section is labeled 'Logo' and has a white button with the text 'Add logo'. The middle section is labeled 'Background' and has the text 'Add a custom image' next to a small square preview showing a red and black abstract shape. The bottom section is labeled 'Contrast color' with an information icon (i) and the text 'Add accents in a color of your choosing' next to a solid dark red square.

# FOR KAHOOT!

## Discover page

### Discover logo card

368x256; 150ppi; PNG

**Logo on a solid background. Allow for 15px white space border. No characters or other elements.**

Have a padding of min. 15 px from the sides

Example

[Logo Card Template \(.psd\)](#)

### Discover Collection card

1000x500; 150ppi; PNG

**Add logo to a basic image to which you have the copyright. You can add about 20 characters of text to the card to describe your content.**

[Discover Collection Template \(.psd\)](#)

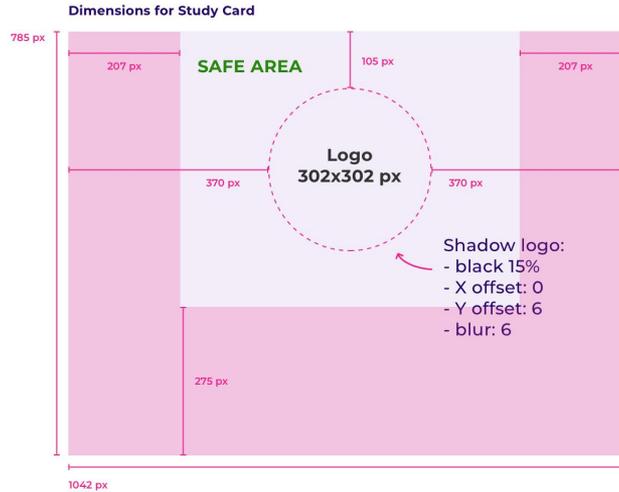

# Academy Study page

## Study card

Sits on Academy Study [page](#),  
1042x785; 150ppi; PNG

You can decide if you want  
your logo to pop out in a  
circle or place it as part of  
the background image (see  
examples).

[Template \(.psd\)](#)

Example with logo in a circle

Example with logo as part of the image
